

Novel Coronavirus statement

Updated 11/2/20 09:00

With the increasing attention on the Coronavirus the below link will provide passengers access to the latest government guidance.

<https://www.gov.uk/guidance/wuhan-novel-coronavirus-information-for-the-public>

Given the fast-changing situation, travellers should check the latest FCO travel advice (including entry requirements) for their destination.

<https://www.gov.uk/foreign-travel-advice>

A UK-wide public information campaign has been launched to advise the public on how to slow the spread of coronavirus and reduce the impact on NHS services.

<https://www.gov.uk/government/news/coronavirus-public-information-campaign-launched-across-the-uk>

Public Health England has guidance in order to minimise the risk of transmission including:

- Wash hands regularly with soap and water or a disinfectant, especially after coughing and sneezing, before handling and consuming food
- Use disposable tissues when coughing or sneezing and dispose of used tissues carefully and promptly
- Avoid close contact with people who appear unwell and avoid sharing personal items
- Public Health England HE recommends against using masks outside clinical settings (personal communication PHE). Should you decide to use a mask, you should ensure you continue to use all the recommended precautions in order to minimise the risk of transmission

There are currently no travel restrictions related to the virus except to mainland China and we continue to operate our group itineraries to all other destinations as planned under normal booking terms and conditions.

We will continue to monitor UK government guidance and recommend passengers to register for updates direct from the gov.uk websites listed above.
